

Cabarrus County 2012 Community Needs Assessment

The Cabarrus County Community Planning Council is a taskforce organized to conduct the 2012 Community Needs Assessment. The Council is requesting the assistance of individuals affiliated with Cabarrus County to complete the 2012 Needs Assessment Survey. A key component of this is a survey of residents 18 years and older to learn about health and quality of life in Cabarrus County. This survey will help identify which critical health care and human service needs are not being met. The results of the survey will be used to prioritize issues and needs in Cabarrus County and develop goals and objectives for the next four years.

The survey will take 10-15 minutes to complete and your answers will not be linked to you in any way. Please only participate in the survey if you are a resident, or your organization is currently providing services within Cabarrus County.

Please access the survey link here: <https://www.surveymonkey.com/s/8PLBBQ5>

Thank you for your time and contribution! The 2012 Community Needs Assessment final report will be available in the Summer of 2012 and will be located on a variety of community websites including www.healthycabarrus.org
