

**Network Operations Communications Bulletin
FY-1112-NM-07**

To: PBH Network Providers

From: Corporate Network Operations

Date: 11/21/2011

RE: MH/SA Block Grant Reporting Responsibilities

This communication bulletin is pertinent to providers who are, or may be in receipt of Federal MH/SA Block Grant funds through their contracts with PBH. Please note that PBH will be in contact with all contracted providers identified as recipients of Federal MH/SA Block Grant funds and will amend their contracts in accordance with PBH procedure and the PBH Provider Contract. The amendment will reflect the Federal Block Grant requirements for the designated mental health and/or substance abuse services affiliated with the specific Block Grant funds the provider is receiving.

Your assigned Network Specialist will be in contact with you if your organization meets these criteria and will initiate any updates to your contract reflecting your receipt of Block grant funds.
