

PBH Care Coordination Communication Bulletin FY-1011-CC-01

To: PBH DD Network Providers

From: Tammy Gilmore, Director of Care Coordination
Barbara Agnello, DD Clinical Director

Date: July 19, 2010

RE: Positive Behavior Support Plans for Individuals Enrolled in Innovations or B3
DI Service Array

A standardized template has been developed for Positive Behavior Support Plans and is attached for your review and use.

Using a standardized template for Positive Behavior Support Plans will help ensure the following:

- Documentation of positive behavior strategies/teaching plans
- Documentation of functional behavior assessments when necessary
- Amelioration of issues of plans missing essential components
- Content consistency

Please use the attached template for Positive Behavior Support Plans developed on or after August 1, 2010 for individuals enrolled in the NC Innovations Waiver or B3 DI service array. If a Positive Behavior Support Plan was developed prior to that date, it is not required that it be transferred to this format.

If you have questions regarding this Communication, please contact Tammy Gilmore at 704-721-2747 or Barbara Agnello at 704-743-2182.
