

System of Care (SOC)

MEMORANDUM

Date: 7/28/08

To: PBH Staff, Providers, Stakeholders and Community Partners

From: Nicole Prioleau (System of Care Coordinator)

RE: SOC Web-based Tutorials Released

Greetings,

There has been great demand and need for the development of a SOC web-based tutorial that would orient individuals to SOC practice principles, as well as a thorough overview of the function of child & family teams. As such, two tutorials have been developed to serve this purpose. Module one addresses and introduction to SOC; while module specifically addressed child and family teams.

These modules have been developed as a recommendation of the SOC Collaborative and will ideally reinforce and promote the values and principles of SOC, with hopes of building a more comprehensive and family-centered System of Care; which is fundamental to recovery and success with children and families.

To View the SOC Web-Based Tutorials

Step 1 -

Log onto the PBH System of Care website at

<http://www.pbhsolutions.org/soc>

Step 2 -

Click the link entitled "SOC Web-Based Tutorial".
